Why I chose Wesleyan:
Coming from a small prep school with a tight knit community, I really wanted to have a small school, with plenty of resources and a strong support system. Wesleyan easily provided these things, and just “felt right.”

Outside the Classroom:

Extracurriculars:
WesMaSS
Relay for Life
Hospital Volunteering

Favorite Activity at Wes:
Hanging out of Foss Hill on a warm sunny day

Favorite moment at Wes:
My favorite moment so far has been the common moment, it’s a bit of awkward bonding but the friends I made there are still my closest friends at Wes

Favorite movie(s):
Titanic, Despicable Me, Clueless, Mean Girls

Favorite songs:
From Eden by Hozier
Ultralight Beam by Kanye West

Fun Fact:
I speak 3 languages fluently, and understand 2 more proficiently

Academic Interests:
Neuroscience, Science in Society Program, Spanish

Favorite classes at Wes:
History of Ecology, it’s my first real humanities class since high school, and I was terrified I wouldn't be able to enjoy it with a heavy NSM concentration, but I have absolutely loved it, and even found myself enjoying the readings.

Current Classes:
- Principles of Biology
- Principles of Chemistry
- History of Ecology
- Statistics

Why I want to be a tour guide:
I was a tour guide in high school, and loved being able to show people how wonderful things are, and wanted to continue that here at Wesleyan. My own tour here was really memorable, and I left here completely in love, and I want to be able to show everyone that visit just how amazing Wes is.
