Why I chose Wesleyan:
I am a math and science person, but I wanted a liberal arts community where I could explore other interests. The community here is diverse, open-minded and close-knit. Theater students attend home games and athletes in turn attend plays. Physics majors and Arts majors take dance classes together. Everyone I saw on my tour was attractive because they were self-confident and passionate. Wesleyan students are weird and I believe that to be a compliment in that everyone is their own unique individual.

Outside the Classroom:

Extracurriculars:
Varsity Cross Country and Track and Field

Favorite Activity at Wes:
Breakfast for Dinner Thursdays and Sundae Sundays at Usdan

Favorite moment at Wes:
Cross country championship race on the Wesleyan home course on Halloween. A huge crowd of Wesleyan students came to cheer in their costumes!

Favorite movie(s):
Iron Giant, Howl's Moving Castle, Gladiator, and The Breakfast Club

Favorite song:
Somebody Told Me, The Killers

Fun Fact:
I have three younger brothers and we all call my father Boss as an inside joke.

Academic Interests:
Perspective Physics major and Archaeology minor. Interest in Sustainability and Energy

Favorite class at Wes:
Approaches to Archaeology with Professor Clark Maines. I learned about prehistoric events and the beginnings of mankind. This class started out as a way to fill a general education expectation, but turned into an eye-opening experience. It exemplifies one of the many reasons why Wesleyan's open curriculum is so cool.

Current Classes:
❖ Waves and Oscillations
❖ Multivariable Calculus
❖ Introduction to Economic Theory
❖ Medieval Archaeology

Why I want to be a tour guide:
I love meeting new people and learning about their interests and backgrounds. I also love Wesleyan. Thus, I knew I wanted to be a tour guide right away. It is also a way to interact with possible future students, learning about their interests, and helping them discover whether Wesleyan is the right place for them. In the same way I am proud to boast about my home, Portland, Maine, I have become very fond of boasting about Wesleyan, my new home.
