Meet Tess Williams ‘19
Chiang Mai, Thailand
Annie Wright Schools, 2015
jwilliams03@wesleyan.edu

Why I chose Wesleyan:
I knew I wanted to attend a liberal arts institution. As someone who moved countries 6 times and attended over 8 schools, the community I would find myself in for the next four years played a large role in my college decision. I wanted a place that would foster intellectual development while also pushing me to grow as a better person. Wesleyan provides that support as well as a collaborative environment that encourages my growth in and outside the classroom. I wouldn’t want to be anywhere else.

Academic Interests:
CSS (College of Social Studies) major, premed track

Favorite class at Wes:
Principles of Biology

Current Classes:
- CSS Colloquium Social Theory
- CSS Government Tutorial
- Intro to Chemistry

Why I want to be a tour guide:
A first introduction to a school is important (especially when there are so many schools out there) and I want to play a role in a person’s first impression of Wes. People are fantastic here and I hope to give people a small insight in this quirky and loving community.

Outside the Classroom:

Extracurriculars:
- Board member on the AASC (Asian-American Student Collective)
- Students for Health
- WesMaSS (Wes Math and Science Scholar)

Favorite Activity at Wes:
Napping on Foss

Favorite moment at Wes:
Stargazing at the Observatory

Favorite movie(s):
Daydream Nation

Favorite song:
Jhene Aiko & Amy Winehouse

Fun Fact:
I have a goat named after Amy Winehouse
