CRUISING THE
GREAT BARRIER REEF

JANUARY 25 TO FEBRUARY 7, 2009

Dear Wesleyan Alumni, Parents, and Friends,

From the peaks of the Southern Alps and Sydney's shimmering skyline, to the treasures of the Great Barrier Reef and primeval tones of the didgeridoo, the riches of Down Under are like none other.

Join us as we visit a world of magnificent landscapes, dynamic cultures, and strong contrasts—Australia and New Zealand. Enjoy an exclusive three-night cruise along the Great Barrier Reef aboard the intimate CORAL PRINCESS as our onboard marine biologist shares his expertise about the region. Experience the warm hospitality of the crew and the ship's carefree ambiance as it moors at secluded reefs and islands, where we'll explore the underwater world by snorkeling or from the comfort of a glass-bottom boat.

There'll be plenty of time to experience the remote beauty of New Zealand, with a nature cruise through the mountainous fjords of Milford Sound, and aboard a coal-powered steamer crossing Lake Wakatipu.

We'll stay in bustling and sophisticated Sydney, a city known for its architecture, magnificent harbor, and white sandy beaches; we'll go behind the scenes in Sydney's famous Opera House and see the city's skyline at sunset from the harbor.

Our immersion in local cultures will include an introduction to the region's Aborigines' heritage and a special dinner at the home of a Christchurch family. You may extend your trip by joining us for the two-night Pre-Program Option in the beautiful port of Auckland, New Zealand.

It's an outstanding program and offers the perfect opportunity to visit Down Under in the company of fellow alumni and friends.

Here's hoping you'll join us. We'd love to have you along!

Warmest regards,

Gail S. Briggs

Visit the Lakes District Museum, where a fascinating collection of exhibits paints a vivid and authentic portrait of 19th-century life in New Zealand's frontier country. Admire stunning canyon scenery from the historic Kawarau suspension bridge, constructed in the 1880s, and ride a gondola to the summit of Bob's Peak for breathtaking panoramic views of Queenstown, Lake Wakatipu and the Southern Alps.

Following a scenic drive from Queenstown, the afternoon cruise provides an ideal opportunity to experience Milford Sound and its surrounding landscapes, which according to Maori legend were created by the demigod Tu Te Raki Whanoa, who used his great powers to forge the mountains and valleys of New Zealand's southern Fiordland region. SYDNEY/TOWNSVILLE/ GREAT BARRIER REEF CRUISE Day 10 to Day 12

Fly to Townsville and embark the *CORAL PRINCESS*, an intimate cruiser designed specifically to navigate the remote inlets and channels of the Great Barrier Reef, one of the world's greatest treasures. Throughout your cruise, the ship will stop when conditions permit, so that you may experience the Great Barrier Reef at its finest. The ship is fully equipped with complimentary snorkeling equipment and a glass-bottom boat, from which you can gaze upon the underwater wonders in dry comfort.

Cruise along the picturesque shores of the densely forested *Palm Islands* and *Magnetic Island*, where Mount Cook, named for the great explorer, rises above lush hills carpeted with eucalyptus trees.

On the tropical shores of *Pelorus*, trek through the isle's lush rainforest with the ship's enthusiastic marine biologist.

The charms of Victorian England come to life in Christchurch, where visitors can stroll through the lush gardens or go punting on the Avon River.

Named *Yanooa* by the Aboriginals, Pelorus has been designated a national park by the Australian government, a status that fully protects its pristine and fragile ecosystem. It is also surrounded by a spectacular fringing reef, which provides excellent opportunities to snorkel in a vibrant world of kaleidoscopic sculptures of coral, where you may find thousands of colorful fish and fascinating creatures including giant turtles, graceful rays and mysterious dugongs, the sea mammals that many believe inspired the myth of the mermaids among generations of seafarers.

Savor a typical Aussie-style barbecue lunch on Pelorus' sandy white beaches before departing for the scenic **Hinchinbrook Channel** and the **Family Islands group**, laden with mangroves, mountainous cliffs and green forests. Visit the **Dunk Island Resort** on the largest of the Family Islands, where you may spend the afternoon at the pool or join an optional walk through the rainforest in search of the island's more than 100 indigenous bird species. If you're lucky, you may even catch a glimpse of the elusive, blue-winged Ulysses butterfly.

Enjoy a full day at awe-inspiring **Nathan Reef**, with time to snorkel in the warm, tropical waters and explore the breathtaking tapestry of life, from brightly colored starfish and sea cucumbers to hundreds of types of coral, plants and fish. You can also choose to experience this kingdom of coral while cruising aboard the ship's glass-bottom boat, accompanied by the marine biologist, who will share detailed knowledge of the Great Barrier Reef's complex ecosystem.

GREAT BARRIER REEF CRUISE/ THETFORD REEF/CAIRNS

Day 13

Conclude your cruise at **Thetford Reef**, with one last opportunity to snorkel amid its vast array of coral and sea life, which includes more than 1,500 species of fish as well as turtles and dolphins. After lunch, disembark the ship in Cairns.

From brightly colored coral to the uniquely shaped pufferfish, discover the many thousands of forms of life in the Coral Sea's deep waters.

Delve into thousands of years of Aboriginal history during a visit to Tjapukai Aboriginal Cultural Park. You can attend a performance of Aboriginal music and dance, admire traditional artwork, listen to the tales of ancient legends or participate in demonstrations of boomerangs, didgeridoos and typical bush cuisine.

Following your visit to Tjapukai Park, check into the *Novotel Rockford Palm Cove Hotel*, located on a beautiful beach against a scenic backdrop of lush rainforest. The evening is at leisure.

CAIRNS/IN TRANSIT/U.S.

Day 14

After breakfast, check out of the hotel and board a flight to the U.S., arriving later today.

AUCKLAND PRE-PROGRAM OPTION

Arrive in beautiful Auckland prior to your main program and spend two nights in this picturesque New Zealand port, known as the "City of Sails" for its rich maritime heritage. Stay in a deluxe hotel in the heart of the city and learn about Auckland's unique history and the fascinating culture of the indigenous Maori people. Complete details will be provided with your reservation confirmation.

The Harbor Bridge and its legendary Opera House have endowed Sydney with one of the most striking skylines in the world and universal acclaim as a bastion of exceptional architecture.

CORAL PRINCESS

Discover this idyllic world of tropical islands, breathtaking coral reefs and abundant marine life while cruising aboard the CORAL PRINCESS. This intimate expedition cruiser is acclaimed for its exceptional crew, which embodies Australian hospitality and is known for establishing a strong sense of camaraderie with passengers from around the globe. Designed specifically to navigate the waters of the Great Barrier Reef, this impeccably crafted ship is the perfect vessel for exploring the wonders of the Coral Sea. With only 25 staterooms, it offers the personal feel of a yacht, and its enhanced navigability enables it to call at remote coral reefs and small islands inaccessible to larger ships.

Each tastefully appointed stateroom is outside and features two twin beds or one double bed, private bathroom facilities and air conditioning.

Meals are served daily in a single, open seating in the dining room, where skilled chefs specialize in Australian cuisine prepared with local ingredients, including the region's legendary fresh seafood. Complimentary coffee and tea are available around the clock. Public areas include the lounge, reference library, boutique and the spa pool on the sun deck.

The CORAL PRINCESS features an onboard marine biologist who enthusiastically shares his knowledge of and insight into the Great Barrier Reef's amazing array of marine life during excursions and lectures. The ship is also equipped with a special glass-bottom boat for viewing the wonders of the underwater universe in dry comfort.

SPLendor OF THE GREAT BARRIER REEF

Rising like a great boomerang out of the azure, tropical waters of the Coral Sea, the Great Barrier Reef is a natural wonder like no other, comprising more than 3,000 individual reefs and 900 islands and spanning more than 1,400 miles in length. A virtual carnival of life, it encompasses tens of thousands of species of fish, coral, reptiles, plants and mammals, ranging from playful dolphins, multi-colored clownfish and giant green turtles to fluorescent coral, pink-striped rainbow fish and the lumbering sea cows affectionately known as dugongs. In the waters surrounding a single reef, as many as 250 species of shrimp alone can survive and thrive. Revered for millennia by local Aborigines who depended on it for their livelihood, and “discovered” by the great explorer Captain James Cook in 1770, the Great Barrier Reef has been designated a UNESCO World Heritage site and enjoys strict environmental protections as an Australian National Marine Park.

This is a once-in-a-lifetime opportunity to experience this breathtaking tropical sea spectacle in a manner no visit to an aquarium can replicate. While snorkeling or riding in the glass-bottom boat, you will peer into this magical universe under the waves, where schools of tropical fish swish by in clouds of color, and intricate mosaics of color reflect a diversity of life rivaled only by the great rainforests of South America. By virtue of its smaller size and special design, the CORAL PRINCESS can moor off reefs inaccessible to larger vessels, ensuring that the waters will not be over-populated by other visitors and the ecosystem is intact as nature intended. Throughout the cruise, the ship’s personable marine biologist will give interactive presentations and special lectures and will accompany you on all glass-bottom boat excursions and nature walks.
