Year End Prepaid Expenses and Accruals

- The process of posting transactions for year end prepaid expenses and accruals is used to assure proper matching of transactions to the appropriate fiscal year.

Prepaid Expenses

- Prepaid expenses are transactions that require payment during the old fiscal year but which are appropriate to be charged to the new fiscal year.
- Common types of prepaid expense requests:
 - Reimbursement for airfare for travel occurring after July 1st.
 - Deposits for catalogs and publications relating to the new fiscal year.

Prepaid Expenses Accounting Process

- Transaction relates to next year.
- Payment is needed now. (If not now, hold the invoice until new year is open)
- Examples: Airfare, Conference fees, Subscriptions

Prepaid Expenses Accounting Process

The department will complete the AP voucher as usual, except;

- ❑ *Note "Prepaid Expense" in "Instructions to AP" field (for Pcard vouchers, indicate line number(s) if multiple charges appear on the voucher).*
- ❑ *Prior to submitting the voucher, ad hoc Susan Pavis as an approver at the end of workflow.*

Note: If you experience a budget error on the voucher, contact Susan to request an override.

Prepaid Expenses Accounting Process

- 2) Finance will process a journal entry to credit the department smartkey in fiscal 2016 and charge the smartkey in fiscal 2017.
- 3) Journal ID = "PPD_MMDDYY" and will contain the Voucher ID in the reference field.
- 4) Examples of prepaid expense entries can be found at the end of the presentation.

Accruals

- Year end accrual transactions would be required for an item that has been contracted for and will be received by June 30th, but the invoice paperwork will not be received in time to process the AP voucher(s) according to the year end deadlines.
- Common types of accrual requests:
 - Services performed but not yet billed.
 - Travel that occurs during June with documentation received in July.

Year End Accruals Accounting Process

Have until 10:00 am on July 15 to request accruals.

What does this mean? If you get a fiscal 2016 invoice between July 1 and July 15:

- Complete an Accounts Payable Voucher normally.
- Note in "Instructions to AP: Fiscal 2016 Accrual.
- Ad Hoc Susan Pavis at the end of Workflow.

Year End Accruals Accounting Process

If you do not have an invoice by July 15:

- 1) A best guess estimate is created for the target transaction/activity requiring an accrual. This estimate can be based on a quote/advertisement etc.
- 2) The estimate is submitted to Finance (Susan Pavis - spavis@wesleyan.edu). Email notification of this estimate is acceptable.

Year End Accruals

Accounting Process

- 3) The request for accrual should contain the same information as a normal AP voucher:
 - Vendor Information
 - Smartkey/account for the old fiscal year to be charged.
 - Amount of the accrual (best guess estimate)
 - Description of the item (include as much information as possible)
 - Authorizations to process the transaction. Use the published guidelines to determine what authorizations are necessary.

Year End Accruals Accounting Process

- 4) The originator of the request will receive a confirmation (via email) that the accrual has been received and accepted as valid.
- 5) The Finance office will process a journal entry to charge the departmental account for the old fiscal year.

Year End Accruals Accounting Process

- 6) When the original invoice is received for the accrual item, the AP voucher must be completed as follows.
 - Complete the AP Voucher in the new fiscal year as normal with the department smartkey and appropriate attachments.
 - AD-HOC Susan Pavis into workflow as an approver.
 - Note: F16 Accrual in "Instructions to AP".
 - If Susan Pavis is not notified, there is a possibility that the department will be charged twice for the same item (once in the old fiscal year and for a second time in the new fiscal year).

Year End Accruals Accounting Process

- 7) Finance will verify the accrual transaction and process a journal entry that will give the department smarkey a credit to offset the payment.

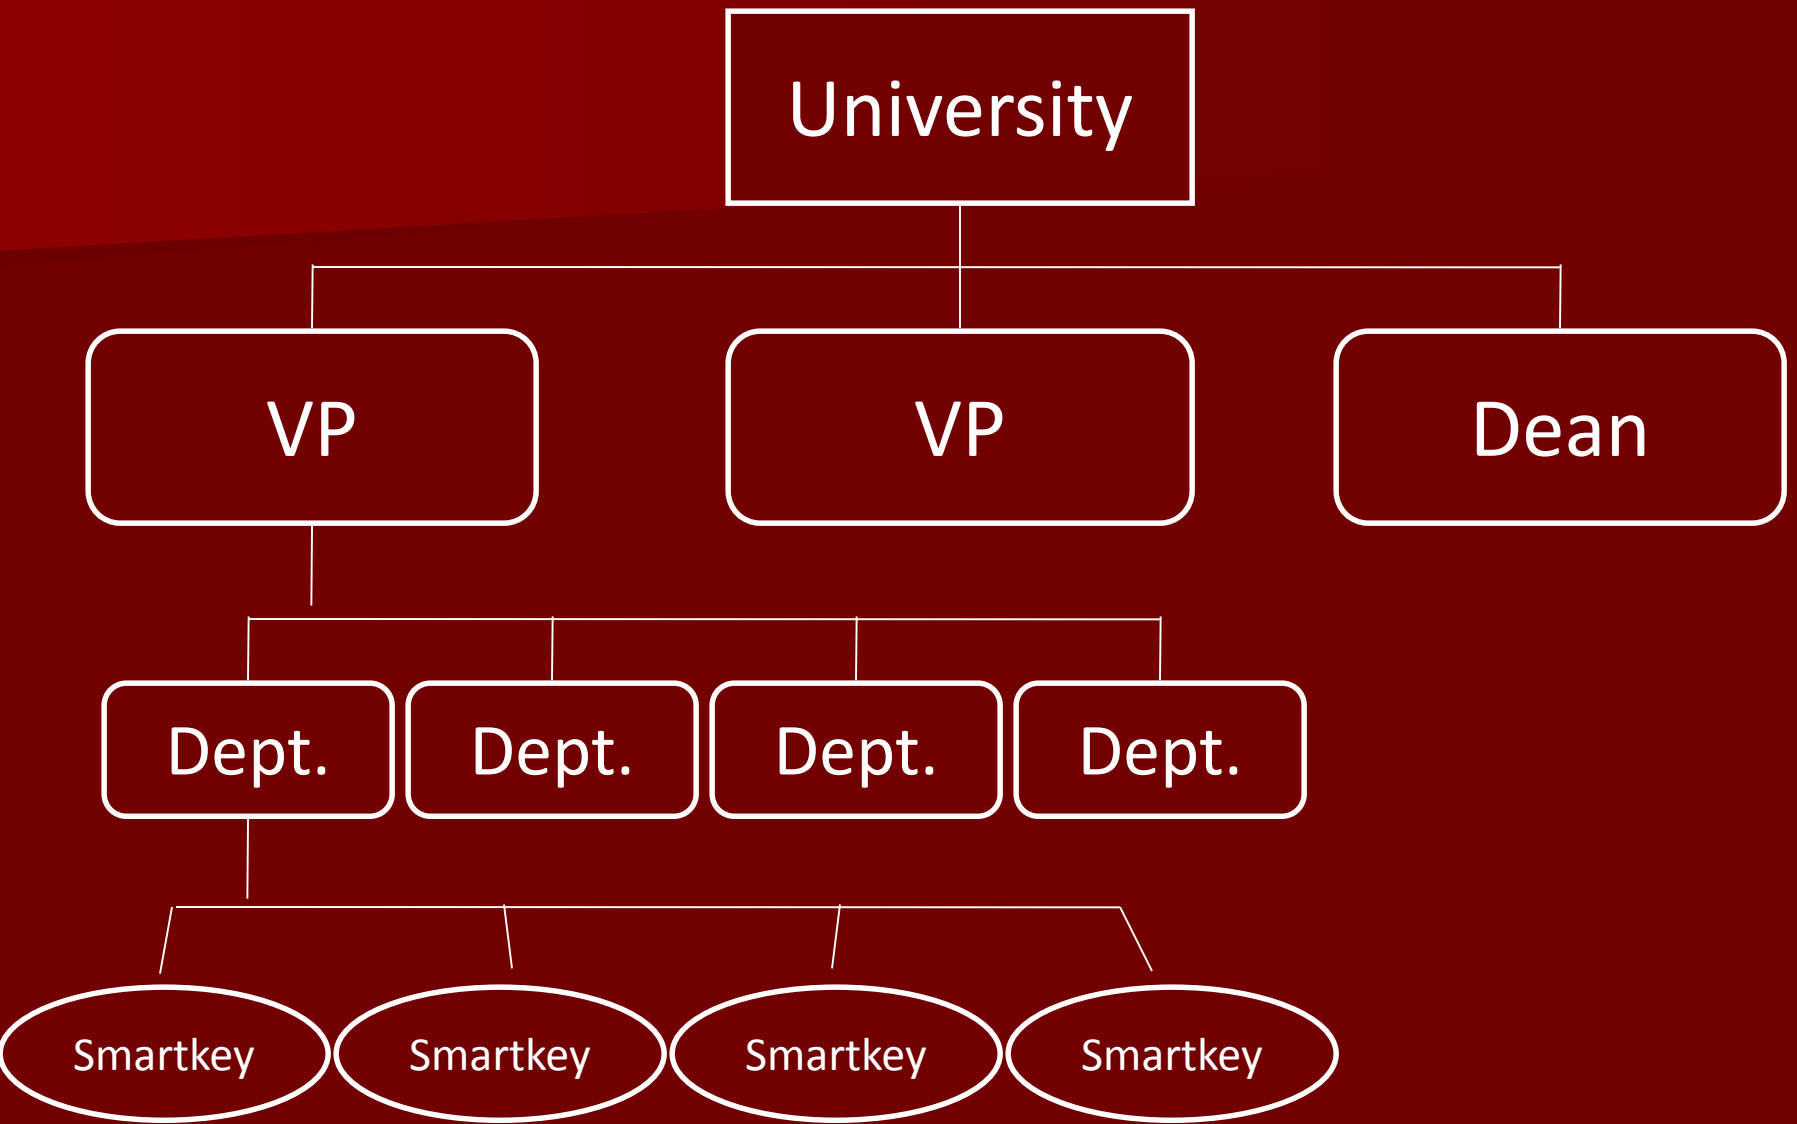

Year End Accruals Accounting Process

- Examples of the accounting entries can be found at the end of the presentation.

 - TS = Account Subgroup level (e.g., travel)
 - TD = Account detail level (e.g., airfare, lodging)
- Budget warnings (in yellow) indicate that there are insufficient funds for the po, voucher or journal entry at the level at which you budget.
 - You should transfer budget to fund the expense prior to submitting the po, voucher or journal.
 - Transactions with budget warnings may be allowed to be processed depending on the policy for your officer area
- Budget errors (in red) indicate that there are insufficient funds in the smartkey for the PO, Voucher or Journal
 - Transactions with budget errors can not be submitted to workflow
 - Budget will need to be transferred, or a different funding source will need to be identified, before the transaction can be processed
