WESLEYAN UNIVERSITY APPROVED PROGRAM OF STUDY BA/MA Program in the Natural Sciences, Mathematics and Psychology

Last Name:	First Name:	M.I.	

Expected Completion Date of BA Requirements: _____

COURSES TO BE USED TO COMPLETE THE MA DEGREE

Dept/Course Number	Course Title	Yr & Sem	Credit

The satisfactory completion of all courses listed above fulfills departmental requirements for the MA.

Requirements for MA

- A minimum of six to eight credits in addition to the 32 necessary for the Wesleyan BA are required for the MA. Of these six to eight credits, two to four, (at the department's discretion) must be in advanced coursework. The remaining credits may be earned through research and seminar courses.
- Research culminating in an MA thesis.

Please Note

- Students in the program who earn more than 32 credits for the BA may apply any excess credits toward the MA providing that the credits are for courses in the major area or a related area, that the courses have not been used to fulfill the undergraduate major requirement, and that the student received a grade of B minus or higher. Inclusion in the table above of any such courses indicates that it meets these criteria.
- MA credit will only be awarded for academic exercises in which grades of B minus or higher are earned.

We fully understand that credits applied to the MA from courses taken as an undergraduate fulfill all the requirements for inclusion as listed above.
