

# Davison Health Center

## Price List\*

Most services to the Health Center will be billed directly to your insurance (both private and university plans). Students who wish to pay for services out of pocket without filing to insurance will be charged a \$15 administrative fee and a \$5.00 lab processing fee. All non-insurance charges can be billed to your student account. **Please note: We do not bill insurance for prescription medication and non-reimbursable supplies.** These fees can be charged to your student account. Please see a Health Center representative for more information.

**Under the Affordable Care Act, many of the immunizations and lab tests below are covered by insurance (sexual health testing is covered at 100%). The fees below are for students who opt to pay out of pocket rather than file to private insurance for confidentiality reasons. These are discounted prices and not what is filed to private insurance companies.**
