**Need-based Scholarships**

If you have been admitted as a degree-seeking student to either the MALS or CAS, you are eligible for need-based scholarships. Unlike student loans, there is no minimum number of courses required to be eligible for these scholarships. You may apply for scholarships at the same time as you apply for admission, however your admission application must be complete by the financial aid deadline. Scholarships are approved on a per-course basis, based on your enrollment plans, up to a maximum of six (6) courses per academic year. You may not use awards on more than three (3) courses in any single term. The aid is posted to your student account the first week of classes in each term.

Overview

The GLS is committed to helping students earn a Master of Arts in Liberal Studies (MALS) or Master of Philosophy in Liberal Arts (MPhil) by offering a variety of financial aid options.

- We offer need-based scholarships to students who enroll as degree-seeking students (admitted).
- We offer scholarships to teachers, librarians, and administrators working in accredited schools in the greater Middletown, CT area, as well as to employees of the City of Middletown, CT.
- Federal direct student loans are also available for qualified students.

Applying for and being awarded financial aid does not obligate you to enroll in courses. Most of our students are working adults with families, and occasionally circumstances arise that prevent them from taking classes with us as planned.

Please visit our web site at www.wesleyan.edu/masters for complete details, including links to all our financial aid forms.
