Some important notes regarding housing:

The room selection process for next year’s housing has begun. Information about the process can be found at http://www.wesleyan.edu/reslife/ugrad_housing/grs_info.html. The housing contract can be viewed at http://www.wesleyan.edu/reslife/Policies/contract.html. Wesleyan does not charge a housing deposit for the following year, as all students are required to reside on campus. Our diverse housing stock offers a variety of housing options for students to experience throughout their undergraduate careers. However, since there is a limited quantity of each type of housing, the more flexible students are in their preferences, the more likely they will be satisfied with their housing selection. A number of rising sophomores may not have receive a housing assignment until over the summer, after space has been created through attrition. They will be notified via email as soon as they have been placed.

Student residences close on Friday, May 15 at noon. We encourage students to leave campus within 24 hours after they complete their exams, so that those who are not yet done may focus on their studies, and so that we can clean and prepare rooms for use during Reunion and Commencement. Graduating seniors are permitted to stay in their residences until 4:30 p.m. on Monday, May 25. With the exception of graduating seniors, any student who wishes to stay on campus beyond May 15th must receive prior approval from Residential Life.

As students make plans to leave campus at the end of the semester, they should take into account that student residences must be left in a clean condition, and all personal belongings and trash removed. Please encourage your student to do this properly, as charges incurred by students for the university to clean and remove belongings are significant. Items left behind will not be retrievable. Students should also be aware that the code of non-academic conduct is enforced throughout the time they are on campus, right up until the day they graduate. Serious violations could prohibit a student from participating in the commencement ceremony.
