Subject: Wesleyan Student Assembly Mid-Year Report

To All Students:

Each spring the WSA publishes a comprehensive report of everything we’ve done in the last semester. This fall we made great strides in standing up for students on a multitude of issues, and more importantly, we’ve gotten real results.

But don’t take our word for it – read the full report online here: http://wsa.wesleyan.edu/general-assembly/reports/

Here are some highlights – over the last semester, the WSA...
- Spoke out for students on Wesleyan’s budget cuts and stood up for the preservation of financial aid
- Cut through red tape and bureaucracy to bring Zipcar to campus
- Fixed the flaws with The Ride for implementation later this semester
- Launched the largest overhaul of Wesleyan’s Code of Non-Academic Conduct in over a decade
- Approved and negotiated the creation of the Green Fund
- Increased SBC transparency by making all allocations available in a searchable online database
- Redesigned the student e-portfolio, and currently working to simplify the course registration process
- Hosted the first student-sponsored Middletown mayoral debate in recent history
- Launched a new initiative to publicize student accomplishments in the Wesleyan community and broader media

Please feel free to join us for our weekly meeting Sundays at 7PM in Usdan 108. Tonight we will be presenting the mid-year report.

We hope everyone’s semester is getting off to a good start!

Best,
Mike Pernick, WSA President
Becky Weiss, WSA Vice-President
