

Major Deferral Form

The deadline for major declaration is in mid-October for students who are second-semester sophomores in the fall semester and in early March for students who are second-semester sophomores in the spring semester.

This form is to be used by students who need to defer declaring a major because they are currently completing a major entry requirement. Students deferring major declaration will need to determine an advisor for the remainder of the semester and a back-up major. They will have an enrollment hold when they return for the first semester of their junior year and until they are accepted into the major.

Students who have not been admitted to a major by pre-registration in the first semester of their junior year will not be permitted to participate. If they fail to be admitted to a major by the end of that semester, they will be administratively withdrawn for the subsequent semester. If the first semester of the junior year is a spring semester, they also will not be allowed to participate in the housing lottery.

Name & Class Year: _____ WesId: _____

Phone: _____ E-Mail: _____

Your Major (Please use the opposite side of form if more space is needed.)

1) My intended major is:

2) I will not declare my major by the deadline because:

3) In order to declare my major, I must successfully complete the following:
