The Concentration Requirement

This graduation requirement may be met by completing a departmental major, an interdepartmental major, or a collegiate program. The concentration/major is an integrated program of advanced study approved by the major department. It consists of a minimum of eight course credits numbered 201 or higher. No more than four course credits from other departments may be used to fulfill major requirements.

For information about **oversubscription** in a department, please see the academic regulations in the *Student Handbook* or on the Web and consult your credit analysis.
