**Why I chose Wesleyan:**  
Wesleyan was my first choice college for many reasons! Not only did I really appreciate the open curriculum and the fact that I could divulge as deep into the Social Sciences as humanly possible, but this, coupled with the prestige, the way the school valued issues and advocacy concerning social justice, which is a major passion of mine and most importantly the friendliness and sense of community I felt as a quasi-international student and a student of color made me feel that Wesleyan was the place for me.

**Academic Interests:**  
Government, Economics, History, Sociology

**Favorite class at Wes:**  
International Politics (Govt. 155)

**Current Classes:**

- Buddhism: An Introduction (RELI 242)
- Introduction to Sociology (SOC 151)
- Foundations of Contemporary Psychology (PSYCH 105)
- Introduction to Economics (ECON 101)

**Why I want to be a tour guide:**  
I wanted to be a Tour Guide because not only do I love meeting new people, but I knew how important and comforting it was for me when I was in High School to talk to current college students who were insightful about the college application process and all it entailed. I love talking to my friends and family back home about Wesleyan and I do it almost every day so I thought “hey, Why not do it as my job!”
