Why I chose Wesleyan: I come from a fairly rural, conservative community where I had to create my own opportunities. When I visited Wesleyan, I could tell that the students here are motivated by their own passions, and any given student will go to great lengths to create their own opportunities and support the opportunities of fellow students. I knew this was the type of collaborative educational environment I was looking for, and I was eager to learn from who would eventually become my peers.

Academic Interests:

Double major in Theatre and Religion

Favorite class at Wes:

Islam and Muslim Cultures with Professor Peter Gottschalk

Current Classes:

Writing On and As Performance
Colonizing Space: Exploration, Extraction, and Inhabitation
The Gospels and Jesus
Assistant Directing Theatre Dept. Play

Why I want to be a tour guide:

I wanted to be a tour guide to help students get excited about transitioning to college. I saw that it was a way to offer myself up as a resource to students who are overwhelmed by the college process, a feeling I very much experience still.

Outside the Classroom:

Second Stage
nice.good (comedy group)
Slender James (a cappella)
Wit's End Manor (community performance project)
