### Why I chose Wesleyan:

There are a lot of small liberal arts schools, but Wesleyan was really set apart by my interview. My interviewer really challenged me and forced me to think about myself in a different way. Everyone on campus really challenges each other in productive and interesting ways, and I wanted to be in that kind of environment.

### Outside the Classroom:

#### Extracurriculars:

- Second Stage
- Eye to Eye
- Shades Theater Collective

#### Favorite Activity at Wes:

I absolutely love going to see student shows. There are shows almost every weekend, which are so fun to be able to go to.

#### Favorite moment at Wes:

My favorite moment at Wesleyan was when *The Wolves* opened. I worked for the most intense 6 weeks of my life with some of my favorite people, and when it finally opened it was one of the best moments of my life.

#### Favorite movie(s):

*Now You See Me* and  
*Hidden Figures*

#### Favorite song:

"Alone Together"  
by Fall Out Boy

#### Fun Fact:

My dad was my high school principal, but I survived!

### Academic Interests:

I am a prospective Government and Theater double major. I also take classes in data science, astronomy, and Spanish language.

### Favorite class at Wes:

One of my favorite classes at Wesleyan was "Democracy and Dictatorship" which is the introduction to the comparative politics concentration of the Government department. This class really allowed me to learn about many different nations while writing about topics that really interested me.

### Current Classes:

- Govt 201 – Applied Data Analysis
- Govt 355 – Transnational Justice
- Thea 290 – Staging Race
- Performance Practice – Stage Management
- Technical Practice – Un/Box

### Why I want to be a tour guide:

Choosing a college is hard, and no one is more indecisive than I am. The tour guide and senior interview program helped make the decision easy for me. I definitely ended up at the right place, and I would love to help others make those tough choices.
