**veCollect Instructions**

**Read** this entire set of instructions. Access to veCollect will only be given to applicants pursuing applications to health professions schools. veCollect is used internally as part of our individual letters or recommendation collection process, the health professions programs you are applying to will only have access to what we upload to the primary application as part of the letter packet file i.e. they do not have access to our veCollect account.

All applicants to Medical, Dental, and Veterinary Medicine who missed the deadline for the request of a Committee Letter on behalf of the Health Professions Panel must utilize this service to collect the individual letters of recommendation which will be included as part of their letter packet.

Applicants requesting a Letter Packet for application to other health professions such as Optometry, Physician Assistant, Pharmacy, Nursing, Podiatry, Physical Therapy and Occupational Therapy, will also have access to veCollect.

**Request a veCollect Account:**

After opening a credential service file, submit a veCollect Account Request Form along with the Request for a Letter Packet [the form is available on the credential service webpage].

You will receive an **Authorization Code** from the Health Professions Assistant/Credential Service Coordinator, Rosalind Adgers. Go to [https://collect.virtualevals.net](https://collect.virtualevals.net) and click on “Register for Access” in the upper right hand corner of the screen. Follow the instructions, note that Wesleyan is one of two schools under Connecticut. Once you create your account, Bookmark the Website. Please review the veCollect “Instructional Packet” that Rosalind is attaching to your Authorization Code email.

You will receive a notification by email from veCollect when your account is activated and may then begin to use veCollect. If you forget your log-in information click on the "Having Trouble Logging In?" prompt and follow the instructions to regain access.

Below are some general instructions to help you begin setting up your account. veCollect has a number of short instructional videos that you may access as a resource.

**The "My Evaluators" Tab:**

**Step One:**

Applicants need to create both an Evaluator AND Letter Record for each person that will be submitting a letter on their behalf, INCLUDING one for the Letter Packet Cover Letter:

• Click on “Add New Evaluator” to set up records for each letter-writer. Enter the contact information for each evaluator, including their accurate email address. Then click Create Evaluator Record. Set up a “send letter request email for each evaluator”.

• Set up an evaluator record for the Letter Packet Cover Letter, using the following information:
  - Title: Dr.
  - First Name: Mildred
  - Last Name: Rodriguez
  - LetterPacket Address: Boger Hall, 41 Wyllys Avenue
  - City: Middletown
Applicants should not send a letter request email for the upload of the Cover Letter.

For those of you applying to both MD and DO schools, we create two separate copies of the letter packet cover letter, one has your AAMC ID # (and AMCAS Letter ID #) and the other copy has your AACOMAS ID #.

You will need to create a separate Evaluator Record on veCollect for the copy of the cover letter with the AACOMAS ID #. This will allow us to distinguish which letter to upload for the DO School Quiver (see Create a Quiver on page 11).

- Set up an evaluator record for the Cover Letter for AACOMAS using the following information:
  - Title: Dr.
  - First Name: Mildred
  - Last Name: Rodríguez AACOM LettPack
  - Address: Boger Hall, 41 Wyllys Avenue
  - City: Middletown
  - State: CT
  - Postal Code: 06459
  - Email: health.professions.credential.service@wesleyan.edu
  - Phone: 860-685-2180

Step Two
- Under the name of the evaluator you just created, click Create New Letter Record. Select the type of school you are applying to (i.e. Medical, Dental, etc.). Students applying to Medical School, whether allopathic MD programs, osteopathic DO programs, MD/PhD programs, or any combination, should select MEDICAL SCHOOLS as the Letter Type.
- On this page, you must provide a response and signature regarding the FERPA statement [type your name in the box]. Then click Create Letter Record. In waiving your right to see the individual letters of recommendation (LORs), the admissions panel at the health professional school you are applying to will consider the LORs to be an accurate and more transparent review of your competitiveness as an applicant.

When you click on “Create New Letter Record”, choose the program type, and sign the FERPA request. The letter writers will see the FERPA notice. You will NOT be able to see any of the documents uploaded to veCollect.

- For the Letter Packet Process, you will ALSO need to complete a “Request for Individual Letters of Recommendation Form” for each individual letter writer waiving your rights to see the LORs and return those forms to Rosalind Adgers. The admissions panel at the health professional school you are applying to, consider the LOR to possibly be less accurate and may give it less credence when applicants have not waived their rights to see these letters. [This form is available on the Credential Service webpage on the GCC website and the completed forms must be returned by 31 May 2019.]
Step Three: Notifying your Evaluators:
When looking at the My Evaluators page, you will see a clickable “envelope icon” next to the letter records:

• When you are ready to notify an evaluator to submit their letter, click on the envelope icon to send an email to them. The email will contain all the instructions they need to submit their letter to veCollect (please do not send an email request for the cover letter).

• When an evaluator has submitted their letter, a red Adobe Acrobat (PDF) symbol will appear within the evaluator record. Please note: It takes 1-2 business days from the time a letter is submitted for the letter to be matched to your account using your veCollect account number. If you hover over the symbol with your mouse, it will tell you the date the letter was received.

Applicants should request the letter in person before sending the email request to their letter writers. See the "Requesting Letters of Recommendation" section and recommendations on our website, for who, how, and when to ask for a Letter of Recommendation.

Re-Applicants:
You do NOT need to set up a new evaluator or letter record in veCollect for the Cover Letter. Your new Cover Letter will replace the previous letter within that same record. The new Cover Letter will be an update, including your new AMCAS Letter ID # [which is generated every year].

If you are asking a previous “Evaluator” that submitted an individual letter of recommendation to update their letter, you do not need to create a new evaluator or letter record, but rather the updated letter when submitted will replace the previous letter within that same record. First, always request that your letter be updated by speaking with your recommender. Once the evaluator agrees to update and re-submit their letter, you can simply click the envelope icon within their evaluator record to send the veCollect email request.

The “My Institutions” Tab
Applicants must NOT enter their selected medical, dental, veterinary medical schools into this section. The Health Profession Assistant/Credential Service Coordinator will be creating a file using a “Load and Merge” function on veCollect and will then upload the Letter Packet file directly to the centralized application service: AMCAS, the osteopathic schools, AADSAS and the vet schools, CASPA, OptomCAS, PTCAS, PharmCAS, etc. If you are applying to a school that does not participate with the centralized application process you will need to provide Rosalind Adgers with a complete postal address for that school and we will mail your Letter Packet file to those specific schools.

The “My Quiver” Tab
Once you begin receiving individual letters of recommendation:
• Create a Quiver by clicking on Create New Quiver
• In the description, reference the program type, i.e. MD Quiver, DO Quiver, Dental Quiver, etc.
• Select all of the letters to be included in the Letter Packet file, INCLUDING the Cover Letter (even if it has not been uploaded yet). You may collect more letters in your account than you end up adding to your Quiver. Your Quiver is limited to 7 letters including the Cover Letter.
If an applicant is applying to both MD and DO programs:
You will need to create two Quivers (one for each program type). Applicants will assign the appropriate letters to each Quiver. For example, there may be a letter from a D.O. that should be included only in the DO Quiver.

- The MD, DO School, Dental, Veterinary Medicine School, Nursing School, Optometry School, Audiology, Physical Therapy, Physician Assistant Quiver that you create should include the cover letter from Mildred Rodriguez (an AACOM version for the DO Quiver) and the individual Letters of Recommendation (LORs) that you would like us to include as part of the Letter Packet file.

- Do not “Process & Lock” any of the Quivers at any time. This is very important since these documents need to remain available to the Health Professions Advisor and HPAA. Please note that when you “Lock” a Quiver we are not able to add or remove documents from that Quiver, and you will then need to create a new Quiver with all of the previous documents in order to make any requested adjustments you might need e.g. if your letter writer decides to draft a more recent draft of the letter. Once all of your LORs have been received, we will upload the Letter Packet file to AMCAS / AACOMAS / AADSAS/ VMCAS, CASPA, OPTOMCAS, PHARMCAS, i.e. the centralized application for the health profession to which you are applying.

- Re-Applicants: You will need to create a NEW Quiver for the current cycle. Please title the Quiver using the application cycle year (e.g. Medical School 2020 EY Cycle Quiver). Re-applicants do not need a Supporting Documents Quiver.

Ready for Upload
When the Letter Packet is done, the PDF symbol will appear in the box for the cover letter record. Students should refer to the Applicant Timeline on the Health Professions webpage, uploads will occur by the end of July or sooner depending on whether your file is complete.
When you have set up your Quiver(s) and all of the expected letters of recommendation have been received by your veCollect account, including the Letter Packet Cover Letter, i.e. the Quiver contains ALL letters you would like Wesleyan to upload on your behalf to the health professional schools you are applying to and you have submitted your Signed Request for your Committee Letter Upload by 17 July 2019 (see page 13). No letters will be sent out without this form. Our projected timeline for uploading letters is 30 July-16 August 2019.

Address your questions regarding veCollect to Rosalind Adgers, HPAA, (860) 685-3376 or by e email at health.professions.credential.service@wesleyan.edu

GORDON CAREER CENTER
The Letter Packet Designation on the Centralized Application

If you have requested a Letter Packet from Wesleyan, and have met the deadlines, you will indicate letter packet when completing your primary application. In the AMCAS application for example, this entry generates a unique AMCAS Letter ID # for the Wesleyan letter packet. The Letter Packet file from Wesleyan consists of a cover letter and the individual Letters of Recommendation the applicant has requested through veCollect.

Shown below is a screenshot of the “Add a Letter of Evaluation/Recommendation Page of the AMCAS Instruction Manual. There are three types of letters, the applicant must select a type of letter and enter the evaluator information. You may add an individual letter writer even after submitting the AMCAS and after we submit the Letter Packet.

Types of Letters

Each letter type, regardless of the actual number of letters it contains, is only one letter entry.

- **Committee Letter**: A letter authored by a pre-health committee or pre-health advisor and intended to represent your institution’s evaluation of you. A Committee Letter may or may not include additional letters written in support of your application. This is sometimes called a Composite Letter.

- **Letter Packet**: A packet or set of letters assembled and distributed by your institution, often by the institution’s career center. A Letter Packet may include a cover sheet from your pre-health committee or advisor; however, in contrast to a Committee Letter, a Letter Packet does not include an evaluative letter from your pre-health committee or advisor.

- **Individual Letter**: A letter written by, and representing, a single letter author. If you have already included an Individual Letter within either a Committee Letter or a Letter Packet, you should **not** add a separate entry for that letter.

If a Committee Letter or Letter Packet is sent to AMCAS, the entire Committee Letter or Letter Packet will be sent to the schools you've designated to receive this letter entry. **AMCAS will not split packets or remove a letter from your packet** once it has been received. Therefore, if you wish to send a letter specifically to one medical school, you should enter this as an Individual Letter and have it sent separately from the packet.

Selecting Letter Writers and Requesting Individual Letters of Recommendation

Medical schools are interested in seeing letters of recommendation from your professors (at least one in the sciences, please note that some schools require two letters from the sciences), employers, and others who have supervised you and can provide comments based on their observation of your performance. Consider individuals that know you well, that are able to write a supportive letter while discussing your skills, personal attributes, intellectual ability and potential as a health professional.

At least one letter MUST be from a Wesleyan University FACULTY OR STAFF and it is advisable to have one letter from a faculty member from your chosen major and/or the sciences.

Provide letter writers with a packet consisting of a cover page that includes: name, major, graduation year, GPA, a resume, and a brief statement regarding your interest in the health profession you are pursuing. If possible, schedule an appointment to talk to your letter writers about your background and your aspirations for a career in the health professions.

The ideal number of recommendations varies from applicant to applicant. For some applicants, three letters will suffice; others may want to solicit six. If you are unsure about whom to ask for a recommendation, or how many letters you should request, talk with the Health Professions Advisor.

Give individuals you have asked to write on your behalf plenty of time to write your letter of recommendation. It may take a month or more to get your letter written.
Instructions for Letter Writers

Letters of Recommendation for Medical/Dental/Veterinary Schools

Please be sure your letter is dated, includes your full name and title, is printed on letterhead stationery and has your SIGNATURE. Your letter should be single-spaced and in 12-point type for readability. Because the letter you submit via veCollect will be used for all of the programs the applicant is applying to, letters should not be addressed to any specific school or program. A salutation is not required, but you may address your letters generically to “To Whom It May Concern” or “Dear Admissions Committee Members.”

If you have been asked to write a letter of recommendation on behalf of a Wesleyan student/alum, it is most helpful if your letter is candid and specific. Please be sure to state in what capacity you know the applicant and how well you know the applicant. Even if you do feel that you know the applicant reasonably well, it is still appropriate to ask for a résumé with additional information about her/his academic preparation, employment, community service, research experience, and extracurricular activities. Hopefully, you will be able to spend some time speaking with the applicant about her/his interest in the field and practice of healthcare.

The admissions committees at the various health professional schools will have access to transcripts and standardized test scores, but it is from letters of recommendation that they can learn more about the applicant as a person. Based on your experience with and knowledge of the applicant, you may want to address some of the following:

- communication skills (oral, written, and listening);
- observational abilities, comprehensive vision, and attention to detail;
- qualities of mind, such as the ability to grasp, analyze, and synthesize information and ideas;
- intellectual curiosity;
- aptitude for sustained hard work and commitment;
- cross-disciplinary fluency;
- organizational and problem-solving skills;
- interpersonal skills, such as tact and thoughtfulness;
- integrity and responsibility;
- personal qualities, such as maturity, warmth, and emotional balance;
- resilience and adaptability when confronting challenges;
- contributions to, and concern for, the wellbeing of others;
- cultural sensitivity;
- initiative, flexibility, capacity to engage in productive teamwork;
- capacity for improvement and personal growth;
- reflective capacities, knowledge of limits, and willingness to ask for help.

In assessing an application, admissions committees also consider what is sometimes termed distance traveled. If you are aware that the applicant has overcome significant obstacles, weathered trying circumstances, learned from some perhaps regrettable mistakes, or persevered in the face of difficulties out of a sense of responsibility, this may be brought to the attention of admissions committees.

Most importantly, consider what qualities and abilities you value in a health care professional and whether you believe this individual has the capacity to become a skilled health practitioner. Because there are many individuals who are very capable and well suited for other professions,

Gordon Career Center
but not necessarily for clinical practice, make sure that you specify at some point in your letter that you are recommending this person for the specific health profession of their interest.

To see the AAMC Guidelines for Letter Writers for Applicants to Medical School as a reference, go to: https://www.aamc.org/initiatives/admissionsinitiative/letters/332572/lettersofevaluationguidelines.html

You will submit your letter of recommendation by uploading your document to veCollect. Once the applicant invites you to write a letter as an “evaluator”, you will receive an email from veCollect to complete the uploading process. Letters must be received by the deadline provided by the applicant. Please note that the applicant will either waive or not waive his/her right to see your letter and you will be able to see this on the link you receive. veCollect is unable to accept unsigned letters. If you have any questions about the letter process please contact Rosalind Adgers, Health Professions Assistant and Credential Service Coordinator, at health.professions.credential.service@wesleyan.edu. Our office is located in the Gordon Career Center, Boger Hall, 41 Wyllys Avenue, Wesleyan University, Middletown, CT 06459.

Your signature on the letter certifies that it was written in its entirety by you on behalf of the applicant. Your letter in its entirety will accompany a cover letter signed by the Wesleyan Health Professions Advisor and other individual letters of recommendation as a Letter Packet and will be distributed to the schools to which the applicant has chosen to apply.

Should you have any questions about the Credential Service, you may be directed them to the Health Professions Assistant/ Credential Service Coordinator, Rosalind Adgers, 860/685-3376 or health.professions.credential.service@wesleyan.edu

A salutation is not required, but you may address your letters generically as “Dear Admissions Committee Members.”

You will submit your letter electronically to veCollect. The applicant that has requested your letter will create an “Evaluator” file for you on veCollect and you will receive an email with instructions on how to upload your document. The staff at veCollect reviews the letters and is unable to accept any
unsigned letters. The applicant should have provided you with a signed Reference/Waiver form from the Credential Service that also provided you with some basic guidelines. **Your signature on the letter certifies that it was written in its entirety by you on behalf of the applicant.**

We appreciate the great care and thoughtfulness that characterize the letters of recommendation written for our applicants to health professional programs. Thank you for your efforts on their behalf. Should you have any questions regarding the letter packet, veCollect and/or the Credential Service may be directed to the Health Professions Assistant and Credential Service Coordinator, Rosalind Adgers, 860/685-3376, at health.professions.credential.service@wesleyan.edu, Boger Hall, Gordon Career Center, 41 Wyllys Avenue, Wesleyan University, Middletown, CT 06459.

Wesleyan Credits

When you complete your centralized application (AMCAS, AACOMAS, AADSAS, VMCAS, TMDSAS, etc.) you will find a section on the application where you are entering all of your completed courses. As part of this section you must enter the number of credits exactly as they appear on your transcript.

The centralized application staff will convert those credits to an equivalent for a four-credit scale to normalize all applicants' academic records.

FYI: Currently, a one credit course at Wesleyan is equivalent to four credits, a 0.75 credit course is equivalent to three credits, a 0.50 credit course is equivalent to two credits, a 0.25 credit course is equivalent to one credit.

Use this worksheet to list below in chronological order, from more recent to past, your various activities, interests, research, publications, honors/awards, study abroad, internships, extracurriculars, work, volunteer and clinical experience throughout college and post-college (if applicable). Indicate date or duration of activity, e.g. June 2013 - August 2014 and please include hours per week for jobs and include total hours thus far for shadowing/volunteer/community service experiences that are ongoing or have been completed. These experiences will be classified into two areas: (1) **Health and Science** (2) **Employment, Service to the Community and Extracurricular Activities**. This document may be as long as necessary since you will be listing in detail all of your experiences. This completed worksheet will assist you in completing the Activities/Experiences section of the primary or centralized application for the Health Professions Program of your interest:

<table>
<thead>
<tr>
<th>Position Held/Role</th>
<th>Name of Organization &amp; Institution</th>
<th>Name of Supervisor</th>
<th>Dates (start of experience to end)</th>
<th>Hours/WK</th>
<th>Total Hours</th>
</tr>
</thead>
</table>

Describe briefly what you did. Include specific duties, accomplishments, events associated with the experience: (If this was a research experience, include details about the study. What was studied, what was your role in terms of procedures, designing experiments, techniques, will you be co-authoring a publication, etc). For example:

**Volunteer**, Emergency Department, [Kate Kearns, volunteer services] Middlesex Hospital, Middletown, CT. May 2015-July 2015. **60 total hours.**
Cared for the non-clinical needs of patients in the Middlesex Hospital Emergency Department. Along with providing reassurance and a friendly face, I folded linens to deliver to each patient’s room. Upon entering the room I spoke with the patient and or delivered their family to ensure all felt welcome and comfortable. If requested, I would locate a nurse for an update or delivered coffee or water. I restocked supplies. Prepared rooms for new patients and assisted the nursing staff with other tasks.

**Teaching Assistant**, Department of Biology, Wesleyan University [Michael Weir, PhD], Middletown, CT. September 2014- December 2014. **1 Hr/Wk.**
As a junior I was a teaching assistant for an introductory biology course. I provided a dedicated to problem based learning session and one on one assistance.
Institutional Action

When requesting a Letter Packet, you complete a Letter of Clearance Form, which provides the Health Professions Advisor with a Letter of Academic and Disciplinary Clearance from the Office of Student Affairs. If you have any record of disciplinary sanctions at Wesleyan, you will receive a copy of this letter, describing in detail the violation (e.g. intoxication, disturbance of the peace, etc.).

Upon completing your centralized application to health professional programs you will be requested to disclose any incident that pertains to non-academic conduct violations as well as academic misconduct.

In the AAMCAS, the exact language that appears is:

“If you were ever the recipient of any institutional action by any college or medical school for unacceptable academic performance or conduct violation, you must answer Yes, even if such action did not interrupt your enrollment or require you to withdraw. Furthermore, select Yes even if the action does not appear on, or has been deleted or expunged from, your official transcripts as a consequence of institutional policy or personal petition.

Failure to provide an accurate answer to the question about institutional action or, if applicable, failure to complete the form provided by the school will result in an investigation. Medical schools require you to answer the question accurately and provide all relevant information. Medical schools understand that many individuals learn from the past and emerge stronger as a result. Full disclosure will enable medical schools to evaluate the information more effectively within the context of your application.”

If a health professional school requests a copy of this Letter of Academic and Disciplinary Clearance. Please send the request to Mildred Rodriguez, PhD, the Health Professions Advisor, who will send a general cover letter from our office with a copy of the original letter of Academic and Disciplinary Clearance to that specific program. Send the request by email to: mrodriguez01@wesleyan.edu Include in the SUBJECT Line of the email: Request for Letter of Clearance
