Course Name:

Course Description:

Course Considerations

Please list the specifics needs for your CURE proposal. For example, what space, supplies, or equipment does your project require? What level of personnel support do you expect to need? What would it cost to publish your work? Include budget estimates.

Please list the potential outcomes for your CURE proposal. For example, can the work be published or presented at a conference? Are there potential roadblocks?

How would this CURE enhance your department, program, major, and/or minor?

Any additional information?
