Instagram Best Practices: Setting Up

➤ Set up as a business account so you can see metrics about your posts and followers.
➤ Account name should begin with "wes" ex: @wescfa @wes_athletics
➤ Use a profile photo designed by University Communications.
Instagram Best Practices: Posting

➤ Be active. Post at least once a week.
➤ Quality over quantity. Instagram is about beautiful visuals.
➤ Be brief. Keep your captions to 125 characters or less.
➤ Use #hashtags. Ideally, 5-10 per post.
   ➤ Use a few standards (#WesleyanUniversity #Wesleyan), and vary the rest based on the content of your post.
➤ Don’t use links in captions - they aren’t clickable!
➤ Use emoji when relevant 🎾 🎼 🎨 🎀 🎧 🎥 🎤
➤ Encourage conversation – ask questions, respond to comments.
   ➤ Don’t delete comments unless they’re profane, obscene, harassing, threatening, or contain personal information.
   ➤ If it gets too negative/critical, go private or offline.
➤ Tag other accounts in your posts if applicable.
➤ Repost other Instagram users’ content, especially if they tag you in it. Make sure you credit them and ask for permission first.
➤ Have fun! Don’t be afraid to inject humor into your content (if appropriate).
