Please print, complete, sign, and submit this form.

Step 2 – Family Size

Carefully read the following instructions, and in the table below, report information for:

- **Yourself** - the student (full name and age)
- **The student's parents** (or stepparent, if applicable), even if the student is not living with them. Exclude a parent who has died or is not living in the household because of separation or divorce. Include a parent who is apart from the family and is on active duty in the U.S. Armed Forces.
- **The student's siblings** if all of the following are true:
 - They live with the student's parents (or live apart because of college enrollment);
 - They receive more than half of their support from the student's parent; and
 - They will continue to receive more than half their support from the student's parents during the 2026-27 award year.
- **Other persons** if the following are true:
 - They live with the student's parents;
 - They will receive more than half of their support from the student's parent; and
 - They will continue to receive more than half their support from the student's parent during the 2026-27 award year.
- The provided criteria for "dependent children" or "other persons" mirror the requirement that family size align with those the parent could claim as a dependent on a U.S. tax return if the parent were to file a U.S. tax return at the time of completing the 2026-27 FAFSA. As a result the parent should not include any unborn children in the family size.
