As a reminder and to avoid any delays, a good process in receiving your toner on time is to place an order when you replace the old toner and include your name, department and address. **Do not order toner Next Day Air, as your department will be charged \$44.** Therefore, if you need toner for *emergency* purposes only, you may contact Bob Moreland at 860 234-0937. Bob keeps a small inventory on campus.

If you need assistance on how to place an order or have issues with service calls, please contact Mark Almeida at (860) 368-6546.
