W.B. Mason Grounds to Grow Program

There has been a change in the way we are conducting the Grounds to Grow Program moving forward. New Keurig boxes can still be picked up from Wes Station. UPS will pick up full boxes on location. There is no need to drop off the filled containers at Wes Station.

The Finance Office has authority for the Purchasing & Procurement functions for Wesleyan University. We are responsible for managing the procurement tools and processes on a University-wide basis, including negotiations, contracts and legal agreements associated with the acquisition of goods and services that support Wesleyan's educational, research and community support initiatives.

We encourage you to use the services provided to ensure that you are receiving the best products, services and prices.
