

We are proud to announce a delivery service exclusively for you.

CVS/pharmacy will deliver prescriptions or over-the-counter products right to your door.

All you need to do is place one simple call to start receiving home delivery:

- Call CVS/pharmacy at 1-860-344-1857.

A member of your CVS/pharmacy team will gather all necessary information and you may begin to order prescriptions or other items from CVS/pharmacy to be delivered when you need them.

- Call a day ahead, when possible, to have your orders always delivered when promised
- If unable to call ahead, simply call as soon as possible to see if your order can be delivered the same day.

For any new prescriptions – ask your doctor to call the new order into CVS/pharmacy at 1-860-344-1857.

If you currently get your prescriptions by mail please give us a call. In most cases, we can fill your prescriptions through our local CVS/pharmacy to be delivered the same day.

For any questions please call us at our local store
