Wellness Resources

Wellness Incentive Points Program

Wesleyan's Wellness Incentive Points Program rewards individuals dedicated to improving their health and well-being. You can earn points by actively participating in health improvement programs and activities that can then be redeemed for cash payments. Benefit eligible faculty, staff, spouses, and partners are eligible to participate and earn points (up to \$150/each).

Due to the Workday conversion, the deadlines and payment for the first half of 2024 are being moved up so that the payment is being made in the last Peoplesoft paycheck. (June 28, 2024 for semi-monthly and monthly paid employees and July 5, 2024, for weekly paid employees).

Wellness points for goals met from January 1, 2024, through June 30, 2024, for you and your spouse/partner, should be entered through your <u>WesPortal</u> account under "My Information – Wellness Points". **All results must be reported no later than Friday, June 21st**. Please base your June activities on doctor or other provider appointments that you have scheduled. To add or change a spouse/partner, please click the Spouse/Partner link at the top of the screen.

As a reminder, the IRS requires that wellness payments be taxed.

Professional Development

2023-2024 Performance Review

After reviewing the results of the WesThrives survey and reflecting upon what we heard at subsequent focus groups, it became clear that we have opportunities to improve our annual performance review process. This, coupled with the timing of the Workday implementation, has led us to pause our typical annual performance review process for fiscal year 2024. We will use this time to revamp our processes and more fully understand the performance-management functionality in Workday. We anticipate rolling out a revised performance review process in Spring 2025.

This year, you will not need to complete the typical annual review form. However, **supervisors must meet with their direct reports to provide performance feedback**. <u>Questions</u> are provided to help guide this conversation. If you would

like to document your meeting you may, but it will not be required. A complete performance review, using the online form, is required for any staff member not meeting job expectations. A <u>Success at WES</u> session on performance feedback for supervisors is scheduled for May 7th beginning at 2:00 p.m.

We will also consider the merit-based compensation process with an eye toward responding to feedback. For this year, eligible staff members who are meeting the expectations of their role will receive a 3.5% increase. Eligible staff members who have worked at Wesleyan for less than 12 months will receive a pro-rated increase. Staff members who are not meeting job expectations may receive a smaller increase.

Cabinet members will be given additional funding to provide one-time monetary awards to eligible staff who have made outstanding contributions to the University.

More details are provided in the <u>FAQs</u> on the HR Website. Please contact Lisa Brommer (<u>lbrommer@wesleyan.edu</u>) directly with any questions.
