

Molecular Biophysics Minor Course Checklist

Introductory Course (1 required)

- Introduction to Biophysics (Introductory Course): MB&B 207
- Molecular and Cellular Biophysics: MB&B 309
- Introduction to Biomolecular Structure: CHEM 325

Physical Chemistry Course(s) (1-2 required)

- Physical Chemistry for the Life Sciences: MB&B 381
- Physical Chemistry: CHEM 337 and CHEM 338
- Thermal and Statistical Physics and Waves and Oscillations: PHYS 316 and 213

Advanced Courses

- Advanced Lab in Structural Biology: MB&B 395
- Advanced Elective(s): 300 level elective in Biophysics (1-2 required)
- Research Tutorial: CHEM/MB&B/PHYS 423 and CHEM/MB&B/PHYS 424

Journal Club

- Molecular Biophysics Journal Club I: MB&B 307
- Molecular Biophysics Journal Club II: MB&B 308
