#### **IV. Research Statement:**

The Mellon Mays Undergraduate Fellowship is designed to increase the presence of traditionally underrepresented groups in the faculty ranks of institutions of higher learning in the United States. Such a goal necessarily implies that research has to be at the center of the MMUF activities.

Please write a statement of no more than 1,000 words regarding your academic and research interests. You do not need to provide a fully executed research plan, but you should indicate the subject area(s) and topic(s) of interest in which you might want to pursue an originally conceptualized research project. Please address also your future goals for graduate study and an academic career.

*By submitting this application to the MMUF Program, you are giving permission to the Coordinators to access your academic record and to inquire of the Office of Student Affairs as to your judicial standing vis-à-vis the Honor Code and the Code of Non-Academic Conduct. Your application, recommendations, and academic record will be shared only with the MMUF Selection Committee. Please note that you will not have access to the recommendations.*
