Onyx + Green is the first brand of its kind that has a complete range of products from writing to portfolio products, from pencil cases to messenger bags. It is also the first brand in its field to use a wide variety of material from post-consumer and post-industrial recycled materials to bamboo, stone, corn starch, sugar cane, biodegradable and natural fabrics such as ramie, jute, and cotton. They strive to use recycled materials for all packaging as well as print with soy-based ink whenever possible. They are constantly innovating their packaging in order to make it as ecologically friendly as they can.

Bring in your old computer to Cardinal Tech to get a store credit for the value of your computer. We'll take care of mailing it back—you get your credit the same day.
