PER CREDIT FORM

Intention to enroll in only the second half of the Senior Honors Thesis in final semester

Student Name _____ Class Year _____ WesID _____

E-mail _____ Thesis Dept./Program _____

By the end of this semester, I will have fulfilled all degree requirements, except for the second half of my senior thesis, and want to enroll for that credit only next semester. I confirm my understanding of this by checking below all that will apply to me by the end of this semester:

___ major requirements completed (except for the second half of thesis)

___ a minimum of 31.00 useable credits towards graduation

___ a minimum of 15.00 Wesleyan credits

___ grade point average of 74.00 or above

___ have completed or am in the process of completing six semesters in residence at Wesleyan as a full-time student (five semesters for a first-semester sophomore transfer and four semesters for a second-semester sophomore or junior transfer)

I have checked my credit analysis and major certification form, and discussed this thesis-only enrollment with my thesis tutor, faculty advisor and class dean. I understand that I may enroll for only the second half of my senior thesis next semester, which is my last and will not count as a semester in residence; that I may not be an auditor or enroll in another class; and that I am not eligible for financial aid. Enrolling in and satisfactorily completing this second thesis credit in my last semester will fulfill all degree requirements.
