(If your advisor is unavailable to sign the petition prior to the noon deadline, he/she may send an email statement in support of the petition to registrar@wesleyan.edu. If you have more than one thesis advisor, both must sign or send statements of support. All documentation must be received prior to the noon deadline.)

Date and time of filing: _____

I am petitioning the Honors Committee to have my thesis considered in spite of the fact that it was not filed on time. (Attach corroborating statements from thesis advisor(s) and department/program).

My thesis was not ready by the April 19th deadline (January 26, 2023 for December Completions) for the following reason(s):

I understand the risks involved in my delay. The risks are:

- Because of deadlines, I may not be considered for University Honors.
- I know that it is important for the Honors Program to know about the availability of faculty members who have agreed to read my thesis.
- It is possible that my department will have difficulty convening its voting membership in order to consider my candidacy separately from the other seniors.
- If all else goes well and I am recommended for Honors, a delay at any point might still mean that my name might not be included in the Commencement Program as having receiving Honors.

You may expect to receive a response from the Honors Committee within a week of filing your petition.
