## PRE-REGISTRATION AT-A-GLANCE

### PLANNING

Selecting courses of interest

### SCHEDULING

Registrar process that enrolls you in courses

### ADJUSTMENT

Period to adjust your schedule

### Planning

- During this phase, undergraduate students should select courses of interest and create a ranked plan(s).
  - Fill your plan(s)!
  - For First-Year Students – this means completely filling in both the “First-Year Seminar Courses Ranked for Scheduling” and “Courses Ranked for Scheduling” lists!
  - For Transfer students, you only have to fill the “Courses Ranked for Scheduling” list.

### Scheduling

- During this phase, the Registrar’s office kicks off the scheduling process, which creates schedules for the undergrads who participate in planning.
- The better and more full your plan is, the more likely you’ll get a full schedule!
- Schedules will be viewable in August. Keep an eye out for an email from the Registrar’s Office!

### Adjustment

- To prepare for your adjustment time, you can add classes to your “Courses not Scheduled” list as soon as your schedule is viewable.
- You’ll be able to chat with with your advisor remotely.
- Pay close attention to your adjustment start date and time, which will be visible on your pre-registration page.
- Be ready to go when your adjustment time opens!

Watch your  
email for  
important  
information

Mark your  
calendar  
with dates  
& deadlines

# New Student User Guide to Pre- Registration

## PLANNING IN-DEPTH:

- Navigate to Pre-Registration via WesPortal.
- The pre-registration page looks similar to WesMaps, but you should see a frame below that allows you to build your course plan.
  - You'll know you're on the right page if you see the frame titled "Planning Period for [Your Name]."

## For First-Year Students: Rank your Top Seven FYS Courses

- Each line in the FYS category has a drop-down of the FYS courses.

# New Student User Guide to Pre- Registration

## For All Students: Create your Courses Ranked for Scheduling List

- Courses in this list should be your top courses of interest, not including FYS courses.
  - You are not officially enrolled in these courses at this stage.
- For the best possible scheduling results, be sure to completely fill this list with seven courses!
  - For First-Year students, the scheduling system will attempt to put you in one FYS courses in fall or spring, and additional non-FYS courses with the goal of four full-credit fall courses.
  - For Transfer students, the system will attempt to put you in four full-credit courses.

## LOOKING FOR CLASSES BY THE SUBJECT AREA

- If you already have an idea of which courses you want to add, you can click directly on the subject area.
  - To see the offered classes, click on "Courses Offered."

# New Student User Guide to Pre- Registration

## LOOKING FOR CLASSES USING THE SEARCH FEATURE

- If you're not certain what you want to take or want some ideas, use the "Search" option.

- The search feature allows you to search by many different fields to find courses based on subject areas, class year, days/times, etc.
  - Use ctrl+click to select multiple subjects.
  - When you have your preferred search requirements set, click "List Course(s)"
- During the summer planning period, it is recommended to check the following boxes for the search criteria.
  - "Only show courses without PreReqs"
  - "Only show courses without POI"
  - "Only show courses with Seats Available"

# New Student User Guide to Pre- Registration

## ADD TO MY COURSES

- Once you find a course of interest, select your preferred section and click “Add to My Courses.”

## Selecting Grading mode options and GenEd Designations

- Only courses with the “Student Option” grading mode will have a drop-down for the grading mode.
- Very few courses have dual GenEds.
  - If they do, it will be noted with the course information and a drop-down will appear here.

## Planning Strategies

- As mentioned above, use the Search option to exclude courses requiring Pre-Requisites, POI's, and courses without seats available.
  - See the next section about POI courses and courses that require pre-requisite overrides.
- Continue adding courses until you have SEVEN in the list.
- Use the drop-downs in the far left column to re-order your list as desired.
- The more complete your list is, the better your chance of getting four full-credit classes when the scheduling process runs at the close of the planning period.
- You can also add more classes to the “Unranked” list, which will help you during the Adjustment phase.

# New Student User Guide to Pre- Registration

## POIS AND PRE-REQS

### Permission of Instructor (POI) Courses

- These courses require the instructor to approve your request for enrollment.
- During summer pre-registration planning, you cannot submit POI requests.
- You'll be able to do so as part of the adjustment period (see below)

...of students of all dates at the beginning of the semester and costs for all courses field trips are covered (specifically, transportation to and from the performance and tickets). Any potential scheduling conflicts for field trips should be discussed with faculty members. Once students indicate that they are going and tickets are purchased, it is assumed they will attend. (Students backing out of field trips they had said they would attend will be asked to cover the cost of their ticket.) Performances of visitors to Wesleyan's Center for the Arts are integrated into course syllabi and students are required to attend these performances unless otherwise negotiated with instructors. Tickets for performances are available to students at the Box Office in Usdan at the reduced price of \$6.00.

**Instructor(s):** [Oliveras, Maria-Christina](#) **Times:** ...W.F. 01:20PM-04:10PM; **Location:** TBA

**Permission of Instructor Required** **Enrollment capacity:** 12

Permission of instructor approval will be granted by the instructor during pre-registration through the Electronic Request. Click "Add to My Courses" and "To request a POI electronically, click here to submit your request."

4	WRCT 120F.02 Fall 2019 Uncertainty and the Future (FYS)	<a href="#">View Course</a>

### Pre-Requisite Override Requests

- Some courses have pre-requisites, which are displayed with the course information.
- If you've already met the pre-requisites from certain placement/AP tests, you'll automatically be able to add these courses to your plan.
- During summer pre-registration planning, you cannot submit requests for pre-requisite overrides.
- You'll be able to do so as part of the adjustment period (see below)
  - Transfer students should take advantage of this option during the adjustment preparation period.

**Course Cluster:** [Integrated Design, Engineering & Applied Science Minor](#)

This course covers the classical field theory of electricity and magnetism. The core of the course covers electrostatics and magnetostatics with emphasis on both physical insight and the partial differential equations that describe these fields. We then cover electrodynamics to complete Maxwell's equations and to derive the elementary properties of electromagnetic radiation.

**Credit:** 1

## PRE-ENROLLED COURSES

- A very small number of students may be pre-enrolled in courses required for a special program.
- These courses would appear under “Already Registered” courses and cannot be dropped.
- You will not be penalized by the scheduling process, which will still attempt to enroll you in your top-ranked courses.

# New Student User Guide to Pre- Registration

## SCHEDULING IN-DEPTH:

- During this phase, students sit tight while the scheduling process runs.
- The process is based on a multi-step algorithm.
- The system first enrolls first-year students into one FYS course.
- Then it goes through multiple phases, with the goal of enrolling students in four full-credit courses.

---

***The goal of scheduling is to enroll as many students as possible into four full-credit courses.***

---

STANDBY: SYSTEM PROCESSING

# New Student User Guide to Pre- Registration

## ADJUSTMENT IN-DEPTH:

### Steps One and Two: Adjustment Preparation

- Once your schedule is available, you'll be able to see the courses you were scheduled into ("Course(s) Scheduled"), as well as the other courses you requested, but were not scheduled into ("Course(s) Not Scheduled.")
- You'll also see your adjustment period start time, in red.
- The "Course(s) Not Scheduled" is a list of courses you want to attempt to get into during adjustment or drop/add.
  - You are not enrolled in these courses.
    - To enroll, you'll need to be eligible for the course, have no time conflicts, have less than 4 full-credit classes, and the course has to have seats open for you to enroll in the class.
  - You'll also need to take action to enroll while adjustment is open.
- Before your adjustment period opens, you can add or remove courses from your Course(s) Not Scheduled list.
  - To add more, follow the same process as you did in planning. Go directly to the subject area or use the search engine to find courses, then click the "Add to My Courses" button.
  - To delete courses from the "Course(s) Not Scheduled" list, simply click the red X next to the course you're no longer interested in.
  - You can start to submit POI and pre-requisite override requests if appropriate.
    - Follow all the steps as they appear.
- You can also rank up to 4 courses to be pushed into drop/add for you.
  - If you are happy with your current schedule, but would like to explore taking additional full-credit courses once drop/add opens, this is a great tool for you!
  - Drop/add is instructor discretion!

***Be sure to prepare before your adjustment period opens.***

## Step Three: Adjustment Live

- Once your Adjustment period has started, you'll be able to start making changes.
  - Be sure you're ready for the live adjustment period.
- If a course in your "Course(s) Not Scheduled" list has a gray "Enroll" button next to it, seats are available.
  - You still need to meet the requirements for the course (i.e., pre-requisites)
- If you try to add a fifth full-credit course, you'll need to drop one of your already enrolled course first.
  - Private Music Lessons and partial-credit courses do not count in the full-credit course totals.

**Adjustment is LIVE  
and DYNAMIC!**

<b>Academic Information</b> GenEd Status: Incomplete	<b>Credit Summary</b> Earned: 0.00	<b>Resources</b> <a href="#">Adjustment Calendar</a>
---	---------------------------------------	---

- You can continue to adjust crosslistings, grading modes, and GenEds when options exist.
- Your advisor will get notices via email when you adjust your schedule and can approve, disapprove, or request that you "See" them to discuss your changes.
  - Disapproving a drop does NOT put you back in the class; you'll need to re-enroll in the course if seats are still available.
- You are officially enrolled in any course in your "Course(s) Scheduled" list.
  - If it says advisor pending, your advisor hasn't taken action yet, but you still have a seat in the class.

**Once Adjustment closes, no further action can be taken until Drop/Add.**

## Congratulations! You have a schedule!

### CREDIT ANALYSIS REPORT

- There will be no data here for new students.
- In future terms, use this to see if your selected courses will oversubscribe you in any areas.
- Any questions about this report need to be directed to your class dean.

### ACADEMIC HISTORY

- Link to your academic history with a summary of your posted coursework.
- Only transfer students with posted credit will have data here.
- The pre-registration term will not appear here until all processes of pre-registration are complete.

### GENED REPORT

- Pre-registration data does not appear here.
- This will be blank for new students.
- Any questions about this report need to be directed to your class dean.

### MAJOR CERTIFICATION

- When you declare a major, you'll be able to access this form.
- This is a very helpful tool when planning for the next semester so you can track which requirements still need to be fulfilled.

# New Student User Guide to Pre- Registration

## PLACEMENT SCORES AND RECOMMENDATIONS

- If you have any test scores or placement exam data, it will be displayed here.
- Use this link to determine the appropriate level of coursework to start in relevant subject areas.

## ADVISOR INFORMATION

- This link will show you your advisors':
  - Email address
  - Phone Number
  - Office Hours
  - **This information will be viewable before drop/add begins.**

## ADVISING RESOURCES

- If you need general advising information, take a look at all the resources available on this page.

## ACADEMIC PEER ADVISORS

- If you'd like to talk to another student about the pre-registration process or academic resources available at Wesleyan, review this site.
- Each Peer Advisor has their own bio listed. Email the one you most connect with!

## OTHER QUESTIONS?

### *Questions about the Pre-Registration Process?*

- Contact Karri Van Blarcom, Senior Associate Registrar
  - Email [kvanblarcom@wesleyan.edu](mailto:kvanblarcom@wesleyan.edu), or
  - Call the helpline x3222, or

### *Questions about academic regulations?*

- Visit our [online catalog](#).

### *Questions about your academic history, GenEd status, progress towards degree completion?*

- Contact your [class dean](#)!

### *Questions about satisfying major requirements?*

- Check out our [Academic Catalog](#).
- Contact your [class dean](#) or the department of the major you're exploring.

---

***For important dates and deadlines, check out the [Registrar's calendar](#).***

---

## IMPORTANT PRE-REGISTRATION STRATEGIES

- Only rank a single course/section once; ranking it more than once will not increase your chance of being scheduled in the course.
- Be sure to select the section(s) of a course you rank.
  - Click "Section" and identify sections you would like the scheduling program to consider.
  - You can choose one, multiple, or any section.
- You can rank courses which have overlapping meeting times in your plan.
  - The pre-registration program will not, however, schedule you into two courses with time conflicts.

# New Student User Guide to Pre- Registration

## COMMON MESSAGES

- During each phase of pre-registration, you may see various messages appear (in red) notifying you of certain restrictions based on your requests.
- Some common messages are below with a few sample screenshots.

### During Planning:

- First Year/Sophomore/Junior/Senior Exclusion.
  - If there is an "X" in your class year bin, you are not eligible for the course.
