PRE-REGISTRATION JANUARY 2023 AT-A-GLANCE

During January Pre-Registration, your first step is to start selecting classes of interest. Adjustment preparation begins at 8:30am on Tuesday, January 17 and ends at 8:29am on Wednesday, January 18.

The *live* adjustment period is from Wednesday, January 18 from 8:30am--2:00pm. It's a short window, the day before the drop/add period begins. This gives you the first opportunity to enroll in classes. The goal is for you to enroll in four full-credit classes. You will be able to continue to adjust your schedule during the drop/add period.

Details and screenshots of the system follow. Be sure to use the resources available to assist you during this process.

Please note, you'll be registering for fall 2023 classes later this semester; the pre-registration process will be different than the January process. Be sure to pay close attention to fall pre-registration information and work closely with your academic advisor.

ADJUSTMENT PREPARATION

- During this period, you can add courses to your Course(s) Not Scheduled list.
 - This will help you prepare for the live period.
 - To delete courses from the "Course(s) Not Scheduled" list, simply click the red X next to the course you're no longer interested in.
 - You can start submitting POI and pre-requisite override requests if appropriate (*see below*).

Be sure to prepare before your adjustment period opens.

- CAUTION: Be careful dropping courses! You may not be able to pick them up again!

- If a course has more than one crosslisting, grading mode, or GenEd, there will be a drop-down for you to select the preferred option.
 - You can continue to adjust these during drop/add.
- Your advisor does not need to take action during this two-hour window.
 - They will get notices via email when you adjust your schedule and can approve, disapprove, or request that you “See” them to discuss your changes.
 - They can continue to take action during the drop/add period.
 - **Disapproving a drop does NOT put you back in the class; you’ll need to re-enroll in the course if seats are still available.**
- **You are officially enrolled in any course in your “Course(s) Scheduled” list.**
 - If it says advisor pending, your advisor hasn’t taken action yet, but you still have a seat in the class.
- For other courses of interest, you can also submit up to 4 ranked Drop/Add courses.
 - These requests will automatically carry forward into the drop/add system for you.

Once Adjustment closes, no further action can be taken until Drop/Add begins the next morning.
