## TO THE READER

This second volume of the *History of Eclectic* is intended for a smaller audience than volume 1, the narrative history. Volume 2 consists of four sections containing a listing of members of the Eclectic Society of Phi Nu Theta who were formally initiated under the various versions of the Constitution of the Society in effect and observed from 1837 until December 1967. After that date, no formal initiations were documented, and the provision of the Constitution specifying that initiates sign that document was no longer observed.

The listings should prove useful to researchers who may need to know if a certain undergraduate belonged to the old Eclectic (pre-1970) or not. The most recent Wesleyan *Alumni Directories* do not include fraternity affiliation (although the alumni directory available on the University's web site does contain that information on living alumni, if the individual alumnus chooses to include fraternity affiliation).

Section 1 is simply an alphabetic listing of all formally initiated Eclectics with a reference to their Wesleyan class (i.e., delegation) or status as honorary/associate members. Sections 2 (1834–1907) and 3 (1908–1972) contain data by delegation (graduating year) and include initiated members sorted alphabetically with details as to date of initiation (if known), year of birth, year of death, and remarks (e.g., home at joining, previous Eclectic relatives, and veteran/casualty status). Multigenerational references are only to relatives contemporary or in the past. These sections are recorded separately because of their differing sources. Information in section 2 is based almost solely on the *Catalogue of the Eclectic Society* published in 1908. Information in section 3 is based on the author's own research in minutes of the Fraternity,

signatures appended to the Society's constitution, and entries in the *Alumni Records* published in 1971 and 1981. Section 4 (honorary and associate members) is based on the honorary members section of the *Catalogue* of 1908, with the exception of the entry on the Society's one associate member, Erich Fichtner; that entry is derived from a constitutional provision and minutes of the Fraternity in 1946.

By its very nature, volume 2 will be a work in progress for a number of years. Information is current as of November 2006 to the best of the author's knowledge. Additions and corrections are welcome. Readers are encouraged to provide any such to the author at [wbb.moody@verizon.net](mailto:wbb.moody@verizon.net) or by mail at 7800 Glenbrook Road, Bethesda, MD 20814. Periodic updates will be provided to readers who indicate an interest in receiving them.
