

THORNDIKE FUND APPLICATION FOR FILM AND ARST CANDIDATES

The Thorndike Fund partially reimburses students for the binding and printing costs of their department and Olin Library thesis/essay copies. The available balance in the Thorndike Fund for the year will be divided evenly by the number of honors candidates and applied as a credit in the Thesis Registration System for every student registering a thesis/essay, in order to offset costs. Any student whose printing/binding charges are less than the credit will only receive a credit up to the amount of costs incurred.

Students producing an art or film project are also eligible for this credit and may apply for it by submitting a Thorndike application form to the Registrar's Office by April 19, 2023, the spring thesis registration deadline.

Important Please indicate your residency status by checking one box below (required for tax purposes):

- U.S. Citizen
- Permanent Resident
- Non U.S. Citizen

Student Information

_____ Name _____ Wesid
