Instructions:

1. In your WesPortal navigate to the Offices & Services>Residential Life>StarRez PortalX

2. Log in to PortalX using your Wesleyan Single Sign on credentials

3. Select Spring Housing Application in the header

4. Hit the apply button in the "Theme Housing & General Selection" box

5. Review & sign your housing contract, hit save & continue

5. Fill in the Standard Profile page, hit Save & Continue

6. In the drop down menu, select "General Selection"

7. You will be able to see your selection timeslot. There are several students in each time block.

    a. You will be able to select any time after your timeslot. However, the system does not stop. Which means once it is the next timeslot, the students in that slot will be able to select even if you haven't made your selection.

    b. If you are not available at that time, we can serve as your Proxy. Please submit a ticket to ResLife with the following information:

        - Name

        - WesID

        - Location preferences and room type (please let us know if room type supersedes location or vice versa)

8. When it is your time to select, you will be able to see the available spaces. Please do not attempt to login prior to your timeslot as it will not allow you to access it and it will slow the system down.

9. Once it is your time, select the area/building you are interested (see image below for example)

Please make sure you look at this if you are selecting into a partially occupied room, apt or wood-frame*****
