______ 466 (Spring) To: ______ / ______ / ______

______ 469 (Summer)

Grading Mode: ______ CR/U Amount of Credit: ______

______ A-F

Project Title: __________________________________________________________

(limit to 35 characters including spaces)

Faculty Supervisor: ______________________________________________________

Academic Regulations Governing Education in the Field: (1) At the discretion of the department involved, up to two course credits per semester may be granted for Education in the Field. (2) Students should not expect to count more than four credits earned through Independent Study and Education in the Field toward the graduation requirements.

Students pursuing Education in the Field during the academic year will be charged a special tuition rate if they are not simultaneously enrolled in Wesleyan courses. Go to: https://www.wesleyan.edu/studentaccounts/tuition.html for Fees for Education in the Field. A student who pursues Education in the Field in conjunction with regular courses will be considered a full-time student and will not be charged above the full tuition rate.

Description of Project: Please attach a description of the project. You should describe the nature of the responsibilities and the method by which your activities will be evaluated. You should also indicate the location of the project, name of the on-site supervisor and the amount of remuneration.

Approved by:

Faculty Supervisor ____________________ Student ____________________
